## Teach your daughter money management skills with a Walford Cashless Student Account

The Walford Cashless Student Account will be attached to existing Student Identification (ID) cards and will work like a pre-paid mobile phone or direct debit card. This will allow you – the parent – to control the amount of money accessible to your daughter at any given time.

At Walford we want to reduce the need for your daughter to carry cash to school and we also understand that parents would like to know where funds are being spent and what choices are being made in order to provide some guidance with regard to budgeting and healthy eating habits. You will be able to define spending criteria and daily spending limits and the Walford Student Account will help keep you connected and involved in your daughter's school activities.

The Walford Student Account is convenient, secure and easy to use. You can deposit funds into the Student Account using the Internet, the telephone or at the Walford School Shop. By educating your daughter about the value of saving and budgeting you will be making an important investment in her economic future.

### Setting Up Your Account

1. Go to the [About](#) link on the Walford website [www.walford.sa.edu.au](http://www.walford.sa.edu.au)
