The total of tuition and charges as detailed above can be expected to cover all normal education costs for any student. However, there may, on occasions, be extraordinary items that need to be charged to the school fee account as they exceed the general costs covered by the charges. Charges are calculated to cover all anticipated curriculum expenses including camps, co-curricular activities, excursions, school magazine, Year book and consumable materials. Printing and internet access are also included but are subject to quota limitations.

Quotas are closely monitored and are set at generous levels to take into account requirements of specific year levels and curriculum subjects. Any usage in excess of set levels will be charged to the school fee account.

Sibling Rebates

A tuition fee rebate for sisters concurrently attending the School is granted as follows:

- 10% for the second sister in a family
- 20% for the third sister, and
- 30% for the fourth sister
