

Rebecca Clarke

Walford is a school where action abounds. It is a place where each student is encouraged to give of her best so that she may achieve her best in whatever endeavor she undertakes.

# Achieving Her Best

2015 Results

## From the Principal

I am delighted to share with you exciting news of the achievements of our class of 2015. In their study of either the International Baccalaureate (IB) Diploma or the South Australian Certificate of Education (SACE), our students worked with commitment and dedication to achieve truly exceptional results.

Yet results alone are not the true measure of the whole school experience. Each member of this class involved herself in a range of activities throughout her schooling and this continued in her final year. Many students played a sport, participated in a music ensemble, or volunteered her time to support local and overseas organisations. Each student set a fine example to our entire community by working hard to achieve her best.

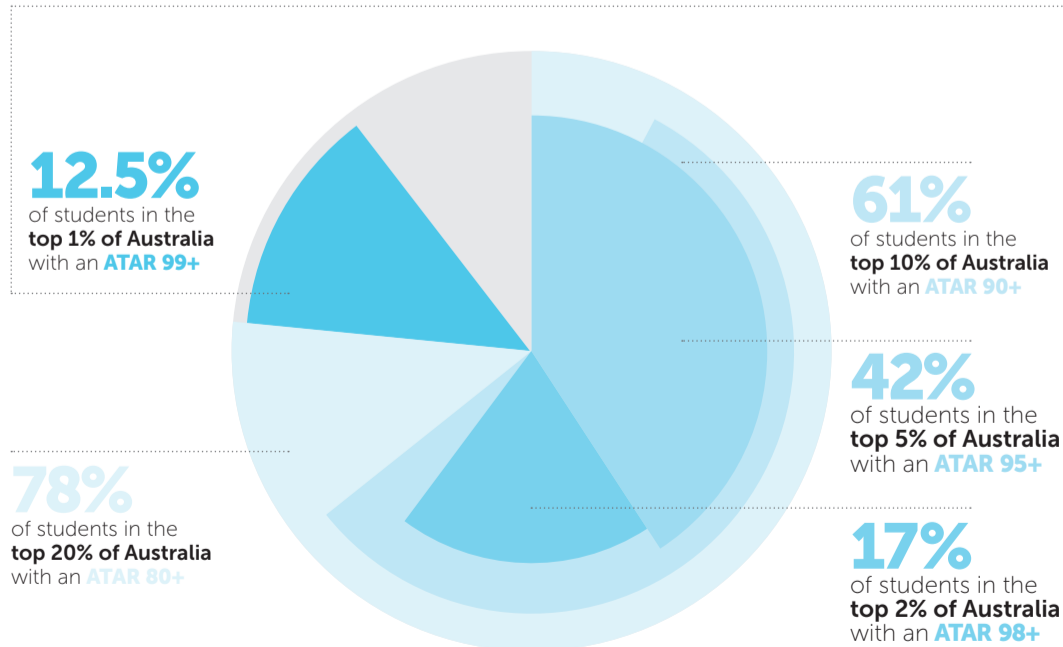

We are proud of each of our 2015 graduates. We are also grateful to our dedicated teachers who provide quality instruction and learning experiences to enable students to achieve their best. Of course, the accomplishments of our graduates would not be possible without the love and support they receive from parents, caregivers and families.

As our graduates pursue a world beyond our school gates, they join a network of old scholars, remarkable women, who in the spirit of our motto "Virtute et Veritate", strive hard, display courage and respect the truth in all that they undertake. We can look forward with great anticipation to the valuable contribution members of our Class of 2015 will make in their chosen endeavours.
